May 9, 2022

Dear Parents:

Thank you for those who participated in the SCRIP Fundraising Program this past SCRIP Year (June 15, 2021-May 1, 2022). We had a wonderful year. We sold over \$185,000 worth of SCRIP with \$5,358.50 rebates going to the school, \$1,945.22 going back to the families as Tuition Credits, and \$1,224.53 going to the Tuition Assistance program. We could not have done it without your help.

Here is a little breakdown of the School Families who are a part of the SCRIP Program.

- We had 33 families, which were a part of the program, which received a credit.
- One family received over \$300 credit towards this year's tuition. Nine families received over \$100 credit. Five families received over \$50.
- Eleven families also hit the Bonus Credit. They will be receiving a \$50 credit toward each of their children's tuition for next year.
- We had 14 grandparents, relatives, and friends transfer their rebate credits to help individual school families. All they did was sign the form stating to which family they wanted their rebate to go.
- Online sale have increased and is an easy way to purchase ecards and reloading of your cards using a credit card or bank account. 17% of the total rebates were purchased this way.

The new SCRIP year is May 2, 2022-April 30, 2023. In addition to the Family Tuition Credit, to be applied to the 2022/23 school tuition, we will continue the chance at the Bonus Credit. The Bonus Credit is for every school family that purchases \$3,000 worth of SCRIP. They will receive a \$50 credit per student towards 2023-24 tuition. The \$3,000 must be purchased by the family and not by relative or friends.

Again, thank you for your participation. Please share with others how easy it is to help pay for tuition without spending any extra money and help the school at the same time.

Blessings, Fr. Pat
